

SL-NT24CV100W-DB1
Power supply 100 Watt

PRODUCT FEATURES

- „Power supply 100 Watt incl. 2 m connection cable
- „ low stand-by consumption < 0,5 W
- „Short circuit protection
- „Over load protection
- „ 6 compartment distribution box for connection of 24V DC SIRO Receiver and 24V DC MONO Led products without control

TECHNICAL DATA

- » Light type: LED
- » Input voltage:..... 220 - 240 VAC
- » Output voltage: 24V DC
- » Output current: 4,17 A
- » Power: 100 Watt
(10% reserve recommended)
- » Efficiency: > 90 %
- » Standby P: 0,33 W
- » No-load power P_{no}: 0,38 W
- » Networked standby power P_{net}:..... 0,38 W
- » Protection class:..... IP20
- » Power frequency input: 50Hz bis 60Hz
- » Housing color: weiß
- » Ambient temperature:..... -20° - +45° C
- » Safety: Short circuit protection, overload protection

DIMENSIONS & WEIGHT

- » Length: 321,0 mm
- » Width:..... 30,0 mm
- » Height:..... 18,2 mm
- » Weight in G:..... 280,0 g
